In Govt Progs No $\frac{4,85-94}{15}$
1. the 24th April 1888 it was
ordered that such portions of
the Sanctioned Contingent
allowances as might not be
spent locally should be
treated as contribution from
local funds at the disposal
of the Medical Department
for supplies of medical stores

2. A. Sumanasa Muddevar
is said to have been entertained
as an Assistant Compounder
on Rs 10/- a month in the Medi-
cal Stores ^{on 15th Jan'y 1897} on the authority of
the verbal orders of the Col
Benson. This individual's
pay is being met from the
funds placed at the disposal
of the Medical Department

under the orders of the 21st
April 1888 above referred to.

3. In Govt Prof No 18283-4
G. 34-1892
of the 29th June 1903 it has
ordered as follows

"3. Sanction is ~~also~~ also
accorded to the transfer of
the Assistant Compounder
who is now paid from
Contingencies to the per-
manent establishment from
the same date, his pay of Rs. 12/-
being however continued
to be met from Local Funds."

4. In his letter No 6911
M. S. 429
of the 30-9-03, the Officer in
charge of the Medical stores
recommended to the Senior
Surgeon that A. Sreeni-
vasa Mudaliar be granted
Rs 12/- a month ^{from 12 July 1902} as he had
completed 6 years of service
and as he was entitled to
draw the pay recommended
under G. P. No 13250-1
Mis 1962
the 2nd June 1895.

In reply the Senior Surgeon ~~stated~~ called for a copy of the Govt order sanctioning the Asst Compounders appointment temporarily at the beginning (viz 15-1-1897) and observed that in the absence of such an order the question of promotion must take effect from the 1st July 190

I am the officer in charge of the Medical Stores representing that under Article 2110 of the Mysore Service Regulations the Asst Compounder is entitled to count his temporary service as period qualifying for promotion and pension and that it is hard to deprive him of his promotion the Senior Surgeon referred the matter to the Comptroller who observes as follows

No 3522 of 19.12.03 to
P.A. 440
the Senior Surgeon
H. J. Q

- (1) that it is a question for the Government to decide if service paid from the special fund

formed under the authority
of G.O. No $\frac{118594}{2^{th} 15}$ & 71.6.88
to which the Local funds
contribute the unexpended
balance of dispensary

can be considered as
qualifying for pension, and

(ii) that, in case the above
question is decided in
the affirmative and
the temporary appoint-
ment ~~was~~ was sanctioned

permanent establishment
in G.O. No $\frac{18283}{6^{th} 44}$ $\frac{118296}{-1893}$ 1893
would count his temporary
service towards promotion
and pension.

7. The Senior Surgeon now
requests that Col: Benson's
Verbal order entertaining
the A & S Comptroller on
the 15th January 1897 may
be confirmed. It is also
admitted that the point
raised by the Camp Comptroller
has also been decided.

The object with which Savings from the sanctioned Contingent allowances were ordered to be treated as contribution from Local Funds at the disposal of the Medical Department was not for the Entertainment of ^{Compounders} ~~Establishment~~, but for the Establishment of local Stores at District Head Quarters which were started in 1888-89 and abandoned without the orders about in 1895-96. This being so, it is not understood why the Local Funds should pay the Compounders any longer & why the Services should not be dispensed with unless the Senior Surgeon could provide for him elsewhere. The above enquiry having been made in this Office Docket No 2866, & the 2nd July, 1904, the DZ 44 03 Senior Surgeon reports, in his letter No 1748 & 18.2.04, that M.S. 1141 so long as the District Head Quarters Store, continued to supply Country medicines, Stationery Articles, etc to the Local Head Dispensaries in the District, there was no necessity for an extra Compounder in the Medical Stores, that the abolition of these Stores, threw additional work on the Medical Stores, that therefore a Compounder ^{in 1895} had to be entertained in August 1895 ^{under} the orders of Col T. J. MacLennan to put up the Country Medicine & apply to the L. H. Dispensaries for which reason his pay is being met from the Local Fund Savings placed at the disposal of the medical Department that, as the work in the Medical Stores, has increased, the services of this Compounder cannot be dispensed with

20 As pointed out by the Comptroller in
his letter No. 3522 dated the 19 December
if the appointment of the assistant Com-
-pounder in January 1897 had been
sanctioned by Government, it would be
temporary appointment as defined in
arts 66 and 67 M. S. R. and his service
from that date to the 1st July 1903 when he
was transferred to the permanent estab-
-lishment would count for pension under
art 240 M. S. R. When the Senior Surgeon

of the assistant compounder the latter went to say that "⁽²²²⁾ ~~the~~ G.O. sanctioning the appointment was obtained, but the compounder was entertained on the verbal orders of Col. F. H. Benson and his pay was charged to contingencies." No written orders on the subject are forthcoming.

The question as to whether amount paid from contingencies counts or not, ^{nature of it} or of the funds from which the service was paid ~~was~~ ^{is} in this case arise if the appointment alleged to be temporary had been sanctioned by government, as in that case the appointment would satisfy the requirements of arts 66 and 67, and thereby fulfil the conditions laid down in art 237 and the service would count for pension under art 240 M.S.R. In the absence of a G.O. creating the appointment the case must inevitably fall under art 230(b) under which no claim to pension is admissible. In the case of service in the contingent establishment of the Mysore Rail allocated to in the foregoing note the sanction of government for counting it towards pension was necessary.

not because it was paid out of contingencies but because the service did not satisfy the requirements of art 237 and it was accordingly shown as an exception to art. 237. Further the service in the ^{of the Mysore} establishment counts whether the members of that establishment are eventually transferred to a permanent establishment or not. In the case in point however the concession sought for is that the service paid from contingencies may be regarded as temporary for the purpose of making it count under art 240 M.S.R. The two cases are not therefore quite analogous.

22 In his letter N^o 1743 dated the 18th February 1904, the ^{M.S. 1141} Senior Surgeon states that the services of the compounders in question were absolutely necessary and could not be dispensed with, and as such the creation of the appointment by government would have been necessary had the Senior Surgeon not made his own arrangements. Sir,

In reply to your General No. 2864
dated 4th Instant, I have the honor to
state that so long as the District Head
Quarters Stores continued to supply —
Country Medicines, Stationery articles &c.
to the Local Fund Dispensaries in the
District, there was no necessity for an
extra Compounder in the Medical Stores,
but with the abolition of the Stores at
the different Head Quarters of Districts
this work was thrown on the Medical
Stores.

As this was an additional work
which embarrassed the Medical Stores,

a Compounder on a pay of Rupees 10/- per mensem had to be entertained in August, 1895 by order of Col. T. J. McGann to put up the Country Medicine supplies to the Local Fund Dispensaries in the Province and his pay therefore was met from Local Fund savings placed at the disposal of the Medical Department.

The services of this Compounder cannot therefore be dispensed with.

Besides in my letter to Government G. N. 332 dated 18th March 1903, I have pointed out how the work in the Medical Stores has increased of late and asked for a revision of the Establishment which Government in their Proceedings N. 18283-4/G. F. 4-1893 dated 29-6-02 were pleased to sanction.

I recommend therefore that the appointment of A. Sreenivasa Moodu as Compounder may be confirmed from the date of his entertainment viz 15th January 1897

so as to make him eligible for promotion⁶
and pension Considering that he has
always done good work.
